Document Overview

This document walks through the AccessDEQ Application Portal (intake) in the Permit Transformation Program (PTP) solution created for Erosion and Sediment Control.

A revision history and approvals for this document are recorded in [Appendix A](#).

Helpful reference information may be found in [Appendix B](#).

Brief instructional videos can be found on DEQ's YouTube channel in the [AccessDEQ Portal Instructional Video](#) playlist.

General Instructions for Portal Users

- The left-hand navigation panel is accessible throughout AccessDEQ and can be toggled open or closed by clicking the hamburger icon ☰ in the top left of the screen.
- Clicking the **Action** button on the Applications grid displays available options, such as sharing, viewing, or editing.
- Fields or grid rows with a pencil icon ✎ allow editing upon clicking the icon.
- Fields displaying a down caret ▼ indicate a drop-down list is available. In some cases, an ➕ **Add New** option displays indicating an option to create a new choice.
- Fields on the application marked with an **asterisk *** are mandatory fields and cannot be left blank. Users will not be able to proceed if a mandatory field is left blank.
- The ➕ **Add Existing** option on grids will display a list of existing records that can be selected from a drop-down list and added to the grid.
- The ➕ **Create New** option on grids can be used to create a new record which will then show up under the drop-down list when a user selects “Add Existing”.
- Location and contact information records are stored with the portal user account allowing the user to select from their own list for certain fields. Upon using the portal for the first time, a user may have none of these associated records.
- Columns in most tables can be sorted by clicking the column heading. Where vertical ellipses (dots) appear in the column heading, clicking on the ellipses displays a menu of available options, such as column sorting and filtering.
- Text boxes appearing with diagonal lines at the bottom right can be expanded or reduced by clicking in the area then dragging the box’s bottom line down or up.

A red square highlights a small icon in the bottom right corner of the text box, which is used to expand or reduce the text area.

AccessDEQ Home & Registration

The home page for AccessDEQ is <https://accessdeq.nc.gov>. The user portal Home page is <https://portal.deq.nc.gov/my-accessdeq>. Users who are not signed in will be presented with the login screen where new users can use the **Register now** link to register for a new account. This screen can also be reached using <https://portal.deq.nc.gov/login>.

The screenshot shows the 'AccessDEQ Permit Portal' login interface. At the top left is the North Carolina Department of Environmental Quality logo. The main heading is 'AccessDEQ Permit Portal'. Below this are two input fields: 'Email / Username' and 'Password'. A link for 'Forgotten Password' is located below the password field. A green 'Log in' button is positioned below the 'Forgotten Password' link. A red rectangular box highlights the text 'Not registered yet?' and the 'Register now' link, which is positioned directly below the 'Log in' button.

Applicants can fill out the required information and click **Register**. Applicants should use their legal first and last names if they will need to be [identity proofed](#).

The screenshot shows the 'Register' page of the AccessDEQ Permit Portal. At the top left is the North Carolina Department of Environmental Quality logo. The main heading is 'Register'. Below this is the sub-heading 'Registration'. The form contains several input fields: 'First name', 'Last name', 'Email', 'Password (must contain at least 1 lowercase letter, 1 uppercase letter, 1 number, and between 10 - 24 characters in length)', and 'Repeat password'. A green 'Register' button is located below the 'Repeat password' field. At the bottom of the form, there is a link that says 'Already registered? Log in'.

A confirmation email from the address **DEQTPCAdmin@deq.nc.gov** containing a link to activate the account will be sent to the email address on the registration. Upon logging in for the first time the user will be prompted to set up security questions and answers for their account. Then the user must sign the Electronic Signature Agreement (ESA). This will only be required once. To sign the document click **Sign Electronically & Submit**.

ELECTRONIC SIGNATURE AGREEMENT

Electronic Signature Agreement (ESA) for AccessDEQ

I, C

(Name of Electronic Signature Holder)

- (1) Agree to protect the electronic signature credential, consisting of my AccessDEQ user identification and password, from use by anyone except me. Specifically, I agree to maintain the secrecy of the password; I will not divulge or delegate my username and password to any other individual; I will not store my password in an unprotected location; and I will not allow my password to be written into computer scripts to achieve automated login.
- (2) Agree to contact the AccessDEQ Help Desk at <https://portal.deq.nc.gov/help/contact-us> as soon as possible, but no later than 24 hours, after suspecting or determining that my username and password have become lost, stolen, or otherwise compromised.
- (3) I agree to notify AccessDEQ within ten working days if my duties change and I no longer need to interact with AccessDEQ on behalf of my organization. I agree to make this notification by notifying the AccessDEQ Technical Support staff at <https://portal.deq.nc.gov/help/contact-us>.
- (4) Understand that I will be informed through my registered electronic mail (e-mail) address whenever my user identification or password have been modified.
- (5) Understand that AccessDEQ reports the last date my user identification and password were used immediately after successfully logging into AccessDEQ.
- (6) Understand and agree that I will be held as legally bound, obligated, and responsible for the use of my electronic signature as I would be using my hand-written signature.
- (7) Understand that whenever I electronically sign and submit an electronic document to the AccessDEQ, I will receive an e-mail at my registered e-mail address; This e-mail will inform me that a submission has been made to AccessDEQ from my user account and will contain instructions to view information regarding the submission, including my Copy of Record (CoR).
- (8) Agree that if I receive an e-mail notification for any activity that I do not believe that I performed, I will notify the AccessDEQ Help Desk as soon as possible, but no later than 24 hours, after receipt.
- (9) Agree to contact the AccessDEQ Help Desk if I do not receive an e-mail notification within 5 business days for any electronically signed submission using my credentials.
- (10) Agree to report, within 24 hours of discovery, any evidence of discrepancy between any electronic document I have signed and submitted and what AccessDEQ has received from me by contacting AccessDEQ or service Help Desk.
- (11) Certify that by signing and submitting this agreement, I have read, understood, and accept the terms and conditions of this electronic signature agreement. I certify under penalty of law that I have personally examined and am familiar with the information submitted in this agreement and I believe that the information is true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

Identity Proofing (CROMERR Compliance)

Users who are Responsible Officials (RO) or Delegated Responsible Officials (DRO) for projects requiring CROMERR compliance can complete identity proofing by selecting **Identity Proofing** from the left-hand navigation under ⚙️ **Settings**. Alternatively, they can select the **Settings** tile on the home screen, then select the **Identity Proofing** tile.

Note: Identity proofing only needs to be completed once.

OR

On the Identity Proofing page users may click the button for **Get ID Proofed**. For erosion and sedimentation control applications, the Financially Responsible Person is considered the Responsible Official (RO), and their designee is considered a Delegated Responsible Official (DRO).

Identity Proofing

Identity Proofing

Access DEQ uses identity proofing through Lexis Nexis in order to comply with federal law and the [EPA's CROMERR](#) rule. Identity proofing replaces notarized paper form submissions. Any user that needs to submit CROMERR compliant permit applications or monitoring reports will need to complete identity proofing.

Starting a New Application

After registering for the portal an applicant may create a new application from the application Directory by clicking **+ Start New Application** from the left-hand navigation or by clicking the **Start a New Application** tile on the Home screen.

OR

The application Directory will open from which a new application for an Erosion and Sediment Control Certificate of Approval may be started by clicking **Start Application**. When an Erosion and Sediment Control Certificate of Approval Application is selected from the Directory, a new Financial Responsibility/Ownership (FRO) form for the Sedimentation Pollution Control Act (SPCA) opens.

The first page of the FRO form gives the Applicant an option to select between a new or a revised plan for submission.

Division of Energy, Mineral, and Land Resources
Financial Responsibility/Ownership Form
Sedimentation Pollution Control Act

No person may initiate any land-disturbing activity on one or more acres as covered by the Sediment Pollution Control Act (SPCA) of 1973 before this financial responsibility and ownership form and an acceptable erosion and sedimentation control plan have been completed and approved by the Land Quality Section, N.C. Department of Environmental Quality.

The mission of the Erosion and Sediment Control (E&SC) Program is to allow development within our state while preventing pollution by sedimentation.

In cooperation with the [Sedimentation Control Commission](#) and pursuant to the Sedimentation Pollution Control Act of 1973, the Erosion and Sediment Control Program:

- Develops, adopts, and revises [rules and regulations](#) for erosion and sediment control.
- Assists and encourages [local programs](#) and other agencies in developing erosion and sedimentation control programs.
- Develops and distributes recommended methods of erosion and sedimentation control, including the [E&SC Planning and Design Manual](#).
- Develops and distributes other material relating to erosion and sediment control including technical, instructional, and [educational material](#), including the [Field Manual](#), [Inspector's Guide](#), [E&SC Practices Videos](#), and the [Erosion and Sedimentation Newsletter](#).
- Conduct [educational programs](#) in E&SC for State and local governmental officials, persons engaged in land-disturbing activities, and interested citizen groups such as the general public, students, and educators.
- Requires the submission of erosion and sedimentation control plans, and completes or delegates the completion of the review, inspection, and [enforcement](#) of those plans and their associated projects.

If you are ready to begin an application for the Erosion and Sediment Control Act, answer the following question(s) and click continue below.

Application Step 1: Location

The first field to complete is **Facility/Site/Location** (referred to subsequently as Location). A list of Locations a user already has access to will appear on the drop-down list. If the application is for a location the user does not have access to, they can add a new location.

The image shows a dropdown menu for 'Facility/Site/Location'. A red box highlights the dropdown arrow. Below the search bar, a red box highlights the 'Add New' button. The list of locations includes: 1 Tycho Station (4321 Avenue), A Wake Forest Food Hall (303 Testing Ave...), Medina Station (1234 Test Ave), Patrick Starfish Food Hall (1234 Beach), and Pur & Klean (1234 Test St).

Clicking **Add New** brings up the Location grid. From here users can search for a location already existing in the system or indicate they need to create a new location.

Note: Selecting from an existing location with the system can save the user time in preparing their application as well as future applications with the NCDEQ.

To select an existing location, click **Select** then click **Confirm**.

Search for your location using the Search box, click "Select" & "Confirm" if you find it.

Please enter the details of your Location. We consider a Location to be the facility, subdivision, lot, landfill, plant, other project site or entity name related to a permit, certificate, project, or agreement. See location types below. "Child" Locations can be created for smaller, individually-permitted projects associated with larger "parent" Locations. Every "child" Location must first have one "parent" Location that shares the same Financially Responsible Party and Responsible Official. Not every "parent" Location needs a child(ren). For project sites that involve multiple build-out phases, lots, extensions, expansions or those that otherwise involve similar names, you will need to include in the Location name (i.e., project name) the phase number/letter, lot numbers, store number, extension number/name, or other unique identifying text. For the purposes of this permit, every land-disturbing activity seeking a certificate of plan approval must be tied to one "parent" or "child" Location created specifically for that individual land disturbance (i.e., project).

Examples:

- "Flowers Subdivision, Phase 1" as the name of the Location with the developer as the Responsible Official or Delegated Responsible Official
- "Flowers Subdivision, Phase 1, Lots 1-20" as the name of a separate Location with the homebuilder as the Responsible Official or Delegated Responsible Official.
- "City of Raleigh Public Utilities" as the name of the "parent" Location with the public utilities director as the Responsible Official or Delegated Responsible Official.
- "Main Street Water Line Extension" as the name of the "child" Location for a "parent" Location named "City of Raleigh Public Utilities" with the public utilities director as the Responsible Official or Delegated Responsible Official. In this example, the Financially Responsible Party's Responsible Official or delegate share both the parent and child locations.

About Child Locations:

A "Location" is the facility, subdivision, lot, landfill, plant, other project site or entity name related to a permit, certificate, or other agreement with the NCDEQ. For many users, only one Location is needed.

"Child" Locations can be created for smaller, individually-permitted projects within larger "parent" Locations. Every "child" Location must first have one "parent" Location that shares the same Financially Responsible Party and Responsible Official. "Parent" Locations can be created based on the extent of responsibilities for "child" projects or Locations within the organization.

For project sites that involve multiple build-out phases, lots, extensions, expansions or those that otherwise involve similar names, you will need to include in the Location name (i.e., project name) the phase number/letter, lot numbers, store number, extension number/name, or other unique identifying text.

For the purposes of an erosion and sedimentation control permit, every land-disturbing activity seeking a certificate of plan approval must be tied to one "parent" or "child" Location created specifically for that individual land disturbance (i.e., project).

Examples of Parent and Child Locations:

- "Flowers Subdivision, Phase 1" as the name of the Location with the developer as the Responsible Official.
- "Flowers Subdivision, Phase 1, Lots 1-20" as the name of a separate Location with the homebuilder as the Responsible Official.
- "City of Raleigh Public Utilities" as the name of the "parent" Location with the public utilities director as the Responsible Official.
- "Main Street Water Line Extension" as the name of the "child" Location for a "parent" Location named "City of Raleigh Public Utilities" with the public utilities director as the Responsible Official. In this example, the Financially Responsible Party's Responsible Official or delegate share both the parent and child locations.

Once the user submits the application the PDF version of the application is provided. It may be printed or downloaded.

Accepting Shared Applications

An applicant may grant access to an application to someone else by using the Share Application feature (sections [Application Step 7: Review, Share, Submit](#) and [Applications Grid](#) in this document have more information about sharing an application). When an applicant shares an application, the recipient will receive a message from the email address **DoNotReply-DEQPermits@deq.nc.gov** which will include a link to redeem the share invitation. The subject line of the email will say *[name of sharer] Has Requested For You To Register With Access DEQ*.

If the recipient does not already have a portal account in AccessDEQ, they can register an account then accept the sharing invitation.

It is important that the email address the sharing invitation is sent to matches the email address that is/will be associated with the invitee's AccessDEQ portal account. In the event a user sends a sharing request to an email address the recipient does not, or will not, associate with an AccessDEQ portal account, the sharer should re-send the invitation using the correct email address for the recipient.

This is the email message sent which includes instructions to register an account then return to the email to redeem the invitation:

Request to Register with AccessDEQ

AccessDEQ user PTP Test User 3 (ptp.test.user3@deq.nc.gov) has invited you to join AccessDEQ to access a permit application for Wheat Fields.

Location Name: Wheat Fields

Permit Application Number: PA-021349

In order to join AccessDEQ, you must register first. Once you have completed the registration and activated your AccessDEQ account, return to this email and use the link in Step 2 below to redeem the invitation to join the environmental interest.

Step 1: [Register with AccessDEQ](#)

Step 2: After completing your registration, [Click Here](#) to redeem your invitation to join Wheat Fields.

Thank You,
North Carolina Department of Environmental Quality

This is the message sent to a share recipient whose email address matches a current AccessDEQ portal account:

Request to contribute on AccessDEQ

AccessDEQ user Julie Coco (julie.coco@deq.nc.gov) has invited you to gain access to a permit application for Archdale Renovation Project.

Environmental Interest/Organization: Archdale Renovation Project

Permit Application Number: PA-019647

It looks like you already have an account with AccessDEQ so all you need to do is use the link below to redeem your invitation to join Archdale Renovation Project.

[Click Here](#) to redeem your invitation to join Archdale Renovation Project.

[AccessDEQ Home Page](#)

Thank You,
North Carolina Department of Environmental Quality

Once the redemption link is clicked, access to the permit application will be granted and the shared permit application will now appear in the recipient's **Applications** section in My AccessDEQ. If the share recipient is not logged into the AccessDEQ portal at the time of clicking the invitation redemption link, the recipient is automatically routed to the sign in screen first. After signing in, the sharing invitation will automatically be redeemed, and a message will display.

The shared application will now be available to the recipient in their Applications section in AccessDEQ. The recipient may now view, edit, or share details of the application. (The [Applications Grid](#) section in this document has more information on working with applications.)

You have successfully redeemed the invitation. You now have access to Permit PA-021329 .
